Welcome to "Meet Your KU Community"!

This online networking event is aimed to connect researchers at Kyoto University beyond research areas and faculties.

At our fourth meet, **Dr. Michael Walter Campbell**, Graduate School of Letters, will give a talk titled 'Wittgenstein and Gestalt Psychology'. Ludwig Wittgenstein, one of the most influential philosophers of the twentieth century, was keenly interested in the Gestalt approach. You will find how this has implications for the current development of therapeutic frameworks for healing. This time, Prof. Naoko Saito of the Graduate School of Education will join us with comments, too!

Timeline

12:10	Introduction
12:10 -12:25	Presentation by Dr. Michael Walter Campbell "Wittgenstein and Gestalt Psychology"
12:25 -12:50	Q&A and networking
12:50 -12:55	Updates from KURA

Speaker

Michael Walter Campbell

Assistant Professor,
Graduate School of Letters

I work on issues at the intersection of normative and meta-ethics, with a particular focus on the work of Ludwig Wittgenstein. I am particularly interested in how practical and theoretical deliberation are interrelated, and in the role of transformative and disruptive experiences in the constitution of subjectivity.
