Meet Your KU Community!

Speaker : Rusudan Kevkhishvili (Senior Lecturer, Graduate School of Economics)

“Risk Management Using Financial Engineering”

Welcome to “Meet Your KU Community!”—our online networking event aimed to connect researchers at Kyoto University!

At our seventh meeting, Dr. Rusudan Kevkhishvili (Senior Lecturer at the Graduate School of Economics) will present a novel approach to credit risk analysis that utilizes the last passage time of a stochastic process.

Anyone interested in stochastic processes, or the intersection of finance, engineering, and mathematics, or simply monitoring the safety of your investment, join us at lunch time!

Date Friday, December 15, 2023 12:10–12:55 pm

Venue Online [Zoom Meeting]

Language English
