

## Project description

*(Source Sans Pro, font size 10)*

<b>Funding programme:</b> Programmes for Project-Related Personal Exchange (PPP) from 2024 with please indicate the partner country	
<b>Programme objective/s (outcomes) of the funding programme<sup>1</sup>:</b> Outcomes are predefined and must not be changed	
<b>Programme objective (outcome) 1:</b>	Junior scientists have gained international research experience and undergone further training at an international level
<b>Programme objective (outcome) 2:</b>	Binational research cooperation has been promoted and can be used as a starting point for future co-operations
<b>Results of the measures/activities (outputs) of the funding programme<sup>2</sup>:</b> Outputs are predefined and must not be changed	
<b>Result (Output) 1:</b>	Joint research results have been gained
<b>Result (Output) 2:</b>	International joint publications have been created

General information			
Title of the research project	Please specify		
Applying institution	Please specify		
Organisational unit	Please specify		
Discipline	Please specify		
Principal investigator (PI)	Title, First and last name please specify		
Requested approval period	from: please specify a date to: please specify a date	For follow-up application <sup>3</sup> : Previous approval period:	from: please specify a date to: please specify a date
Cooperation partner/partner institution (within and outside Germany)	Name of the institution	Title and Name of the PI	country
Parallel funding and/or parallel application in another DAAD programme?	yes <input type="checkbox"/>	no <input type="checkbox"/>	
If yes, please specify?	Please specify		

<sup>1</sup> The project does not necessarily need to aim at achieving all programme objectives (outcomes of the funding programme). 'Funding programme' and 'programme' are used synonymously.

<sup>2</sup> Only the results of the measures/activities (outputs of the funding programme) which are relevant for the selected programme objectives (outcomes of the funding programme) must be taken into account.

<sup>3</sup> Follow-up application: Application for a project which immediately follows on from funding for the previous year in the same funding programme.

Is there already parallel funding and/or a parallel application to another funding body for the same project?	yes <input type="checkbox"/>	no <input type="checkbox"/>
If yes, please specify?	Please specify	

**For follow-up applications: Progress from previous project**

1. Please describe the previous project progress (implementation of measures/activities and achievement of objectives) (max. ½ DIN A4-page).

Please specify

**Project objectives, detailed project description and reference to results logic**

1. Please state your project objectives (outcomes), which must be consistent with the programme objectives (outcomes) mentioned above and describe the specialised content of the project. Explanation should refer to the results logic: which specific project results (outputs or results of the measures/activities) contribute to achieve these project objectives (outcomes)<sup>4</sup>.
2. Touch upon the relevance of your project and ensure that you address all selection criteria in the programme description, which are listed here again:
  - (1) Relationship of the project to the programme objectives (as per the impact analysis structure) and results-oriented planning by using indicators that meet the SMART criteria.<sup>5</sup>
  - (2) Please explain why and how long the planned stay abroad is necessary (respective details to be explained under "Measures/Activity planning")
  - (3) The quality of the project (clarity of project objectives and methods) and scientific relevance of the project (topical nature of the subject matter and the project's degree of innovativeness).
  - (4) Appropriate involvement of junior scientists
  - (5) Transfer of knowledge between the groups of researchers, added scientific value (subject-specific, institutional, interdisciplinary) created through the cooperation for both groups of researchers, scientific and, if applicable, industrial usability of the project results
  - (6) Feasibility of the research project (in particular: financial backing, preliminary work and further plans, adequate travel planning abroad - also with regard to the duration of the stay), project-relevant competence of both research groups, complementarity of the research groups in the joint project (methodologically, content-related, facilities, etc.)
3. Please describe potential risks in relation to the success of the project and explain how you plan to face them.

Please note:

The project objectives (outcomes) and intended results of the project's measures/activities (outputs) must be in line with the results-oriented project planning depicted in the project planning summary.

Please specify

**Measures/activities planning**

<sup>4</sup> For the definitions of 'Outcomes' and 'Outputs', please refer to the 'Guide to Results-oriented Monitoring'.

<sup>5</sup> See 'Guide to Results-oriented Project Planning and Monitoring', Chapter 2.

<b>Description of the measures/activities</b>	
Please describe the planned measures/activities (also see the category 'Measures/activities eligible for funding' in the call for proposals).	
If necessary, insert new rows in the table for further planned measures/activities.	
<u>Note:</u> Measures/activities must be in line with the results-oriented project planning depicted in the project planning summary.	
When describing the measures, you should also indicate, which research group will perform which work items and where this will take place. Please indicate which methods will be used.	
<b>Title of measure/activity 1:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 2:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 3:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 4:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 5:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 6:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 7:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 8:</b>	Please specify
Description:	Please specify

Projektbeschreibung

Place and time frame	Please specify
<b>Title of measure/activity 9:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify
<b>Title of measure/activity 10:</b>	Please specify
Description:	Please specify
Place and time frame	Please specify

**Sustainable impact and perspectives**

Please explain how sustainable impact beyond the planned funding period may be achieved as well as potential perspectives for the project. Risk factors, responsibilities, and possible strategies to address these, should be outlined, too. (max. ¼ DIN A4-Page)

Please specify

**Planned international mobility of the research groups**

Please enter the planned stays of the researchers at the respective partner institution abroad during the funding period in the table below chronologically.

<b>German project participant to perform stay abroad</b>	<b>Academic status</b>	<b>Research task to be performed</b>	<b>Duration in days</b>	<b>Planned date of stay (MM/YYYY)</b>
Please state the name, if known	Please specify	Please specify	Please specify	Please specify
