「研究者の歩きかた」セミナー

Dialogues Life as a Scholar — Your Home and Beyond

この企画では、国籍や海外経験を問わず、さまざまな研究者の方々から研究環境の変化に伴う自身の研究活動、目標、価値観等の変化についてお話を伺います。現在、海外から本学に赴任されている研究者の方々および今後海外で研究をしたいと考えている研究者の皆さまのご参加をお待ちしています。

In this series of workshops, we will hear from a wide range of researchers, regardless of nationality or overseas experience, about how their research activities, goals, and values have evolved as their research environment has changed. We are looking forward to welcoming researchers who are currently working at Kyoto University from abroad and those who wish to conduct research overseas in the future.
